

# Use Less than Required Gallons

Last Modified on 02/03/2026 3:30 pm EST

Navigate to *Main Menu / Report Menu / Tank Reports / 2 Tank Reports / 1 Use Less Than Required Gallons.*

This report is to be process annually.

This gives the ability to enter a date range, tank size, and number of gallons required for delivery during a specified time frame. Running this report helps determine if a customer tank should be switched out to a smaller tank.

When running the report, *Delivery Type* is a required field. To see all delivery types, enter the full range of types by selecting the **Browse** buttons.

This report can also be processed by tank ownership. However, a focus should be made on company-owned tanks for inventory purposes.
