# EnergyService Technicians

This section is for the setup of service Technicians. Technician Types will be created and then assigned to a Technician based on their specialty.

Technician Types
1. Select **Technicians** from the *EnergyService* menu.

2. Choose **Technician Types**.

3. Press **Ctrl+C** to create.

4. *Seq* will automatically be assigned once saved.

5. Enter the *Technician Type* description (Ex: Tank Installer, HVAC Installer) and then press the **Down Arrow** or **F4** to enter another type.

6. Press **Ctrl+Q** to save.

Technicians

1. Select **Technicians** from the *EnergyService* menu.

2. Choose **Technicians**.

3. Press **Ctrl+C** to create.

4. *Seq* will automatically be assigned once saved.
