29	Annual Service Mobile Home	0	01:30	2	SERVICE TECHNICIAN	1
30	Annual Service A/C only	0	02:00	3	SERVICE TECHNICIAN A/C CERT	1
31	Annual Serv. A/C w/ Furn./Boil	0	03:00	3	SERVICE TECHNICIAN A/C CERT	1
32	Gas Check	0	01:00	5	TANK INSTALLER	1
33	Gas Leak	0	01:00	5	TANK INSTALLER	1
34	Inspect Oil Tank	0	00:30	2	SERVICE TECHNICIAN	1
35	Install Propane Tank	0	02:00	5	TANK INSTALLER	2
36	Install/Remove Oil Tank	0	04:00	5	TANK INSTALLER	1
37	Install/Remov Outdoor Oil Tank	0	03:00	5	TANK INSTALLER	1

1. From the *EnergyService* menu, select **Service Orders**.
2. Choose **Service Order Types** and press **Ctrl+C** to create.
3. The *Service Order Type* will be assigned automatically once saved.
4. Enter the *Description* of the Service Order Type.
5. Enter the number *Allowed Per Day*. For example, if only two tank sets can be completed in one day, enter 2.
6. Enter the *Typical Time* it takes for the service.
7. Press **F5** and select the *Tech Type*.
8. Enter the *Number of Techs* it will take to complete this type of service.
9. Press **F4** to create a new line or **Ctrl+Q** to save.

## Service Order Close Codes

These codes will be used to determine how the Service Orders are closed.

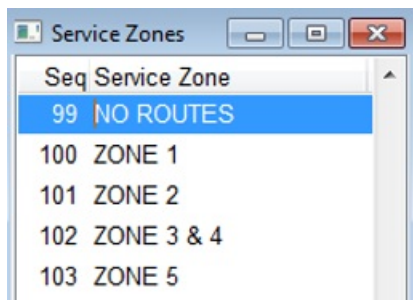

Close Code	Description
2	Closed
5	Cancelled

1. From the *EnergyService* menu, select **Service Orders**.
2. Choose **Service Order Close Codes**.
3. Press **Ctrl+C** to create.
4. Enter a *Description*. The *Close Code* will automatically be assigned once saved.
5. Press the **Down Arrow** or **F4** to enter new Close Code.
6. Press **Ctrl+Q** to save.

# Service Zones

Service Zones are used to determine the area in which a technician is assigned.

1. From the *EnergyService* menu, select **Service Orders**.
2. Choose **Service Zones** and press **Ctrl+C** to create.
3. *Seq* will automatically be assigned once saved.
4. Enter a *Description* of the Service Zone.
5. Press the **Down Arrow** or **F4** to enter new Service Zone.
6. Press **Ctrl+Q** to save.

# Service Order Statuses

These codes are used to indicate the status of a Service Order.

1. From the *EnergyService* menu, select **Service Orders**.
2. Select **Service Order Status** and press **Ctrl+C** to create.
3. *Seq* will automatically be assigned once saved.
4. Enter a *Description* then press **F4** or the **Down Arrow** to enter another Service Order Status.
5. Press **Ctrl+Q** to save.

# Service Plans

This is an enhancement that will be available in a future release.
