

Load / Unload Truck - Cylinder Exchange

Last Modified on 06/09/2022 2:10 pm EDT

1. Select **Load / Unload Truck**.
2. Choose the Storage *Location* from the drop-down.
3. Enter the number of cylinders from the Storage Location in the *Load* or *Unload* fields.

LOAD / UNLOAD TRUCK

Truck

Location

Cyl Type	Description	Current Qty	Load	Unload	New Qty
C0	100# CYLINDERS	10	5	0	15
C2	20# CYLINDERS	15	5	0	20
C3	33# CYLINDERS	12	3	0	15

Cancel Continue

4. Tap **Continue**.
5. Select **OK** on the *Fuel Transferred Successfully* message. This will navigate to the main menu.
