OptimizerPlus+ Call-In Screen

Last Modified on 10/03/2025 4:33 pm EDT

To be used with caution. The settings below will determine the route for the day and should be used sparingly.

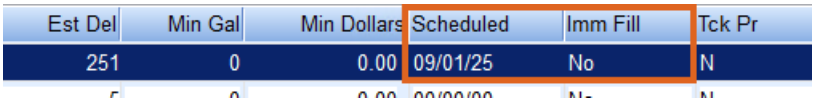

Immediate Fill Entry

Est Del	Min Gal	Min Dollars	Scheduled	Imm Fill	Tck Pr
251	0	0.00	00/00/00	Yes	N
5	0	0.00	00/00/00	No	N

Set *Imm Fill* flag to *Yes*. This will force the OptimizerPlus+ to route the tank the next time it runs.

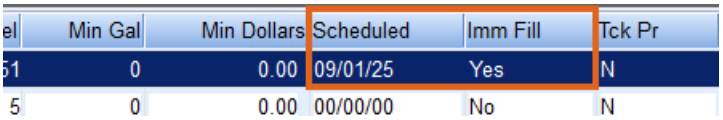

Approximate Delivery Date Entry

Est Del	Min Gal	Min Dollars	Scheduled	Imm Fill	Tck Pr
251	0	0.00	09/01/25	No	N

1. Enter the general delivery date (meaning the customer has indicated to deliver during a certain week but not on a specific date).
2. Set *Imm Fill* to *No*.
3. OptimizerPlus+ Parameters will determine when the tank is scheduled based on days before/days after date entries.

Specific Delivery Date Entry

el	Min Gal	Min Dollars	Scheduled	Imm Fill	Tck Pr
51	0	0.00	09/01/25	Yes	N
5	0	0.00	00/00/00	No	N

1. Enter specific delivery date in the *Schedule* column.
2. Set *Imm Fill* flag to *Yes*.
3. The OptimizerPlus+ will schedule the tank for delivery based on the date entered.
