- **BRUT-93 / PDF Image Preview** – PDF images are now displaying in the EnergyImage preview window.
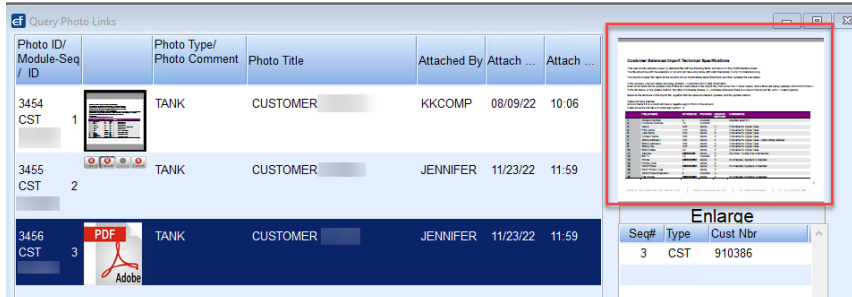

- **BRUT-443 / Merchant Information** – A table was created to store Merchant Information for the EF Payment Portal and NMI Gateway at *Supervisor Menu / Set Up Options / EF Portal Setup / Online Merchant Setup*. A user right is required.

- **BRUT-479 / Bill To and Alternate ID** – The *Bill To* and *Alternate ID* fields have switched locations. When the system setting is set to *Y*, the Alternate ID will be next to the customer number.

When the setting is *N*, the customer maintenance will display the *Customer Number* then *Name*.

The system setting is:

- **BRUT-480 / Convenience Fee Rate** – Convenience Fees have been added to the EF Portal XRef located at *Supervisor Menu / Maintenance Menu / Maintenance Tables*. The *Fee Type* can be *None, Percent,* or *Dollar* and the

Fee Amount can then be entered accordingly.
