Save a Payment Method in Customer Vault

Payment methods can be stored in a secured Customer Vault in the Merchant Gateway to allow for future card processing and automatic payments from Energy Force.

Add Customer Payment Method to the Customer Vault

1. Click **Add Customer** in the Services section of the Main Menu

2. Select Credit Card or Electronic Check (this only applies if both services are used)

3. Complete the information required to store the payment method on file
 - Credit Card

Customer Vault Record

Customer Vault ID ¹

Billing Information

Billing ID ¹

Credit Card Number * Expiration Date * ³ Currency ²

First Name Last Name Company

Country ² Address

Address (cont.) City State/Province Zip Code

Phone Number Email Address ⁴

⁵ Submit

Merchant Defined Fields

Division EnergyForce Customer # Payment Apply To ²

Balance

1. Customer Vault ID = Energy Force Customer #
2. Complete Merchant Defined Fields (most payments will be set with Payment Apply To as Balance)
3. Credit Card Number, Expiration Date, and Energy Force Customer # are required fields
4. Phone Number and Email address are optional, but more information is encouraged
5. Click Submit to store the payment method on file for the customer

o Electronic Check

Division Number EnergyForce Customer # Payment Apply To ²

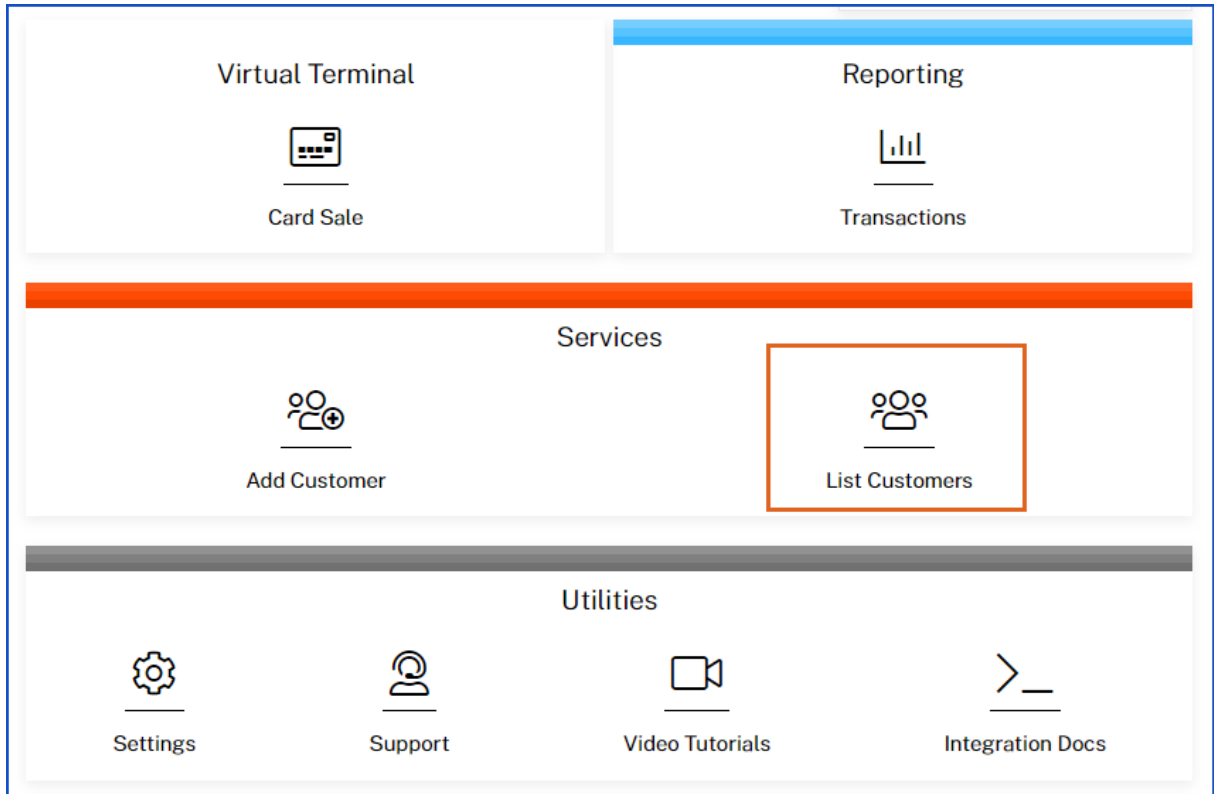

Balance

1. Customer Vault ID = Energy Force Customer #
2. Complete Merchant Defined Fields (most payments will be set with Payment Apply To as Balance)
3. Name on Account, Routing Number, Bank Account Number, and Energy Force Customer # are required fields
4. Phone Number and Email address are optional, but encouraged
5. Click Submit to store the payment method on file for the customer

Note: NMI Gateway fields for Division, Energy Force Customer #, and Payment Apply To are updated when a Customer Vault record is created from the Consumer Portal.

Searching the Customer Vault for Records

1. Click on **List Customers** in the Services section of the Main Menu

2. There are multiple ways to search for a stored payment method in the Customer Vault

[Home](#) / Customer Vault - List Customers

Search Customer Vault Records

Customer Vault ID 1 ☐ Include Partial ID Matches

Last Name 2 Billing ID Shipping ID

Account Number 3 Company 4

Start Date

☐ Only Show Expiring Credit Cards

Division Number 5 EnergyForce Customer # 6 Payment Apply To 7

- Enter desired search criteria:
 1. Customer Vault ID (in most cases this will = the Energy Force customer #)
 2. Last Name
 3. Last 4 of account or credit card #
 4. Company Name (if the record was created and saved with that information)
 5. Division Number
 6. Energy Force Customer #
 7. Payment Apply To: Balance, Budget, or Contract
- Click Submit and results will display in **Customer List**
