

Adding or Modifying the Truck Inspection template in Energy Track

Last Modified on 12/19/2023 12:09 pm EST

- From the Energy Force main page, navigate to *Supervisor Menu\Maintenance Menu\Energy Track Menu\Truck Inspection Template*.

The screenshot shows the 'Truck Inspection Template' form. It has two main columns: 'Header' and 'Detail'. The 'Header' column has a table with the following items and checkboxes:

Header	Inactive?
Headlights	<input checked="" type="checkbox"/>
Turn Signals	<input type="checkbox"/>
Brake Lights	<input type="checkbox"/>
Running Lights	<input type="checkbox"/>
Tires	<input type="checkbox"/>
Mirrors	<input type="checkbox"/>
Horn	<input type="checkbox"/>
Windshield Wipers	<input type="checkbox"/>
Parking Brake	<input type="checkbox"/>

The 'Detail' column has a table with the following items and checkboxes:

Detail	Inactive?
Left Front	<input checked="" type="checkbox"/>
Right Front	<input type="checkbox"/>

- While in the Truck Inspection Template table, press **Ctrl+M** to go into Modify mode.
- Scroll down to the line below the last item, enter the additional item.

The screenshot shows the 'Truck Inspection Template' form. The 'Header' column has a table with the following items and checkboxes:

Header	Inactive?
Headlights	<input type="checkbox"/>
Turn Signals	<input type="checkbox"/>
Brake Lights	<input type="checkbox"/>

Parking Brake	<input type="checkbox"/>
	<input type="checkbox"/>

The 'Detail' column has a table with the following items and checkboxes:

Detail	Inactive?
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>
	<input type="checkbox"/>

- In the *Detail* column, add specific information if applicable.

Truck Inspection Template

Header	Inactive? ^
Headlights	<input type="checkbox"/>
Turn Signals	<input type="checkbox"/>
Brake Lights	<input type="checkbox"/>
Running Lights	<input type="checkbox"/>
Tires	<input type="checkbox"/>
Mirrors	<input type="checkbox"/>
Horn	<input type="checkbox"/>
Windshield Wipers	<input type="checkbox"/>
Parking Brake	<input type="checkbox"/>
Seatbelt	<input checked="" type="checkbox"/>

Detail	Inactive? ^
Driver side	<input type="checkbox"/>
Passenger side	<input checked="" type="checkbox"/>

- After making the necessary changes, press **Ctrl+Q** to save.
- To get the changes to the handhelds, create a new download or wait for the Autotask to create new download.
- The handhelds will then need to communicate to receive the download.
