## Meter Cycle Code Setup

Last Modified on 10/27/2025 10:58 am EDT

This table is found within Energy Force at Main Menu / Supervisor Menu / Maintenance Menu / Maintenance Tables / Meter Cycle Code.

Two purposes for this table are:

- 1. Cycle codes for meters, if applicable.
- 2. Cycle codes for monitors, if applicable.

These codes are setup in *Division* 1. Set a *Cycle Code* and *Description* for all needed cycles and select **Save** when finished.
