

# Map - SKY Energy

Last Modified on 05/21/2026 9:59 am EDT

A visual of all tanks is available in SKY Energy. The initial open of SKY Energy / Map will require the *Default City* or *Zip Code* to be entered before the filter pane will collapse.

After the initial entry, this information will be stored in the browser. To edit the Default Location or Zip Code, select the **Filters** button, make the change, then select **Apply Filters**.

In the bottom right corner are *Map Camera Controls* and a link to view *Keyboard Shortcuts* for navigating the map by mouse or keyboard.

**Note:** Current markers stay and new are added when moving around the map and when zooming in or out.

View is limited to 10,000 tanks, if there are over 10,000 to display, the following message displays.

Select the **Open Filter Panel** option to open the filter pane and filter tanks farther.

Optionally check *Labels* under *Satellite* to show imagery with street names on the map and *Terrain* under *Map* to incorporate a representation of the Earth's surface elevation, creating a more realistic and detailed view.

Select a **Tank** icon on the Energy Map to see a more detailed card with the tank *Serial Number*, *Delivery/Tank type*, and *Customer Name*. Select the detail card to redirect to the Tank Information page in a new browser tab.

- If multiple tanks exist at the same address, the tanks will show with a stack indicator showing how many have the same location. Expand the information panel to show details for each tank at the location.
- If multiple tanks exist at a location, select the icon and scroll to view the additional tanks on the list.
- If the cluster has a number greater than 10 or the mean value of the average clusters in the area (whichever is higher), then the cluster shows as red. Otherwise, the cluster shows as blue.
